Product Highlights

- From the next release of FloTHERM, V9.3, the Solaris operating system will no longer be supported. For those wishing to obtain the license server system for Solaris, please download the latest [Mentor Graphics Licensing System](#).
- Visit [Mentor Ideas for Mechanical Analysis](#) to suggest and vote on product improvements.
- Web Parts make the generation of non-standard geometries such as advanced resistance & heated tube quick and easy. [More info>>](#)

Training

UPCOMING CLASSES

- FloTHERM**
21 Apr 2014, 21 Jul 2014, 20 Oct 2014 Online
04 Mar 2014, 09 Sep 2014 Boston, MA
and 3 more.
- Advanced Knowledge of Electronics Cooling**
13 Mar 2014, 08 May 2014 Munich, Germany

Step 2 : 點選 Current Authorization codes

Authorization Codes

Pick a Site

Please pick your site:

Technology, Inc. (3117451)

Submit

Step 4 : 方框內即為 License 內容，亦可直接 Download File

Authorization Codes

Current Authorization Code File for your Site

General authorization code file exclusions

Please note that this authorization code file does not contain authorization codes for Mentor Graphics software products that:

- may be at your site on loan, for evaluation, or for demonstration purposes.
- normally have authorization code files in Kanji.

You may either copy and paste this authorization code file, or save it as a downloaded file.

```
# IMPORTANT

# Your use of product and/or support is subject to your signed license
# agreement with Mentor Graphics, or if you have no signed agreement, it
# is subject to Mentor Graphics' standard End-user License Agreement which
# may be viewed at http://www.mentor.com/terms\_conditions/enduser.cfm,
# plus Mentor Graphics' standard Support Terms for any support services,
# which may be viewed
# at http://supportnet.mentor.com/about/legal/. Mentor
# Graphics' standard End-user License Agreement and its standard
```

Download File

Step 5 : 請將 put_server_name_here 這段文字修改為安裝軟體的電腦名稱

A screenshot of a Windows Notepad window titled "license.txt - 記事本". The window has a menu bar with "檔案(F)", "編輯(E)", "格式(O)", "檢視(V)", and "說明(H)". The text content is as follows:

```
SERVER put_server_name_here 1717  
DAEMON mgcld path_to_mgcld
